ACKNOWLEDGEMENT & SIGNATURE

I understand that I can contact the Lab's lab directors should I have questions regarding the appropriateness of any test order.

I hereby acknowledge that the Labs will perform the testing indicated above for patients from my practice as directed by my Test Requisition Form.

I understand that it is my responsibility to determine the medical necessity of tests I have requested for the treatment and/ or diagnosis of my patients.

I agree to provide diagnosis codes, defined to the highest level of specificity, for each test that I order in order to confirm medical necessity and to enable the Labs to bill effectively on my patient's behalf. Tests that are deemed medically unnecessary may result in a denial of payment and/or penalties.

I understand that the Office of Inspector General (OIG) has cautioned: "Using a customized profile may result in the ordering of tests which are not covered, reasonable, or necessary" and "OIG takes the position that an individual who knowingly causes a false claim to be submitted may be subject to sanctions or remedies available under civil, criminal, and administrative law."

I understand that the Labs will be billing third parties for the tests I ordered using the CPT codes noted in the Annual Notice to Physicians.

In the event that Medicare, Medicaid, or other insurance providers request documentation, I will provide signed patient's medical records to the requesting party within 72 hours.

In cases of multiple physicians within a group practice, each practitioner must indicate their acknowledgment by signing below:
